The dispatch added that a general strike was decided upon today, to commence July 10 and a great meeting is proposed for July 22.

REMARKABLE FEAT IN WIRELESS TELEGRAPHY

Steamers Interchange Messages and Transmit Them to Shore.
New York, July 8.—There was executed this week on the high seas a memorable feat in wireless telegraphy, in which the steamer La Savoie, which has arrived here, had a part. The steamer St. Louis, having a message for New York, passed it along to the Lucania. In turn it was passed to the Lucania, Lorraine, and La Savoie, which last flashed it ashore.

Of the string of ships two were bound Eastward the Oceanic and Lorraine when the St. Louis started the message she was 500 miles away from the La Savoie.

CONVICT LESLIE IS CAPTURED AT KENT, WASH.

Tacoma, July 8.—Sick in mind and body and clothed in some rags that he had picked up in the fields through which he passed, James Leslie, one of the escaped convicts from the Neil's island prison, staggered into the town of Kent this afternoon and was soon arrested by Marshal Shepich. All attempts to learn the whereabouts of his companions were failing.
Leslie said he lay concealed in the brush near Stone's landing today and that a number of officers passed close

an aged man, who lived alone on Spring river.
The drowning was the culmination of a plan to secure the old man's property through a will made in the woman's favor. Hubbard and the woman were held to the grand jury. The former has been removed to Jonesboro for safe keeping.

COSTLY BLAZE.

Fire at Spokane Destroys Many Homes and Blocks.
Spokane, July 8.—A costly fire raged near the center of the business district this afternoon and for a time a great conflagration threatened. The losses are estimated at \$120,000, of which probably two-thirds is insured.
The cause is unknown. Starting about 1 o'clock in the basement of F. B. Wright & company's store the fire spread to a stock of paints and oils and could not be checked. The adjoining stores were badly damaged by smoke and water.

JAP TROOPS LAND AT SAKHALIN

St. Petersburg, July 8.—The landing of the Japanese troops at Sakhalin is officially reported tonight and startles military circles in St. Petersburg, though it has been realized since the defeat of Admiral Rojevsky that the Japanese would take possession of the island as soon as they thought fit. The strength of the landing force can not be ascertained, but the garrison on the island is too weak to offer any effect defense.

Kansas City Man Drives Woman From House and Kills Her.

Kansas City, July 8.—In full view of twenty-five of their neighbors John Cane tonight drove his wife from her home in this city and as she was fleeing into the street shot her four times in the back, killing her instantly. A large crowd assembled and threats of lynching were freely made, but the prompt arrival of the police, who took Crane in charge, prevented violence. Mrs. Crane had filed divorce proceedings in which she alleged Crane had secured possession of \$225,000, which a previous husband had left her.

MUTINY ON WARSHIP OVER

POTEMKINE SURRENDER

Battleship in Harbor of Kustenji Under Roumanian Guns.

Flag of St. Andrew Once More Flies From Masthead. No Details of Arrangements Between Mutineers and Mediators Divulged.

Kustenji, Roumania, July 8.—The flag of St. Andrew once more floats over the battleship Kniaz Potemkine and the torpedo boats which have proved such terrors to the Black sea communities the past week. The formal surrender of the mutineers occurred at 1 o'clock this afternoon, after a series of discussions and negotiations between the Roumanian authorities and the mutineers. Roumanian officers who boarded the battleship on her arrival here, called upon the crew to surrender in which case they would be treated as foreign deserters or else to leave the port forthwith. It was apparent that the Russian vessels returned to this port with the intention of giving themselves up to a foreign government, and the crews soon announced the acceptance of the Roumanian terms.

Crime Most Serious.

St. Petersburg, July 8.—The admiralty late this afternoon, was informed of the surrender of the Kniaz Potemkine to the Roumanian authorities, at Kustenji, but officials have no details of the arrangements made between the Roumanian government and the mutineers. No diplomatic steps have been taken, but the foreign office it is understood will make strong representations against the mutineers being treated as simple deserters and will demand their surrender to answer, not only for mutiny, but also for the murder of their officers, the bombardment of Odessa and the incitement to revolution. The vain glorious proclamation issued by the mutineers at Odessa will also weigh heavily against them. The crime is one considered the most odious by all nations and it is thought to be imperative that the strongest justice be meted out to them, as an example to the fleets of Russia and to those of the whole world. Kruger's squadron, so soon as it can be found, will be ordered to proceed to Kustenji to take over the battle ship and to place a crew on board. There is strong sentiment manifesting itself in favor of wiping the name Kniaz Potemkine from the navy register and of giving the ship a new name.

Paid With Borrowed Money.

Topeka, July 8.—The Devlin miners in Southern Kansas were paid for serving with \$50,000, borrowed by one of the receivers of the Devlin estate. The money will be sent to Osage City next week to meet the payroll there. This will be advanced by the Santa Fe railway. The Santa Fe wants to keep all the Devlin mines open as the road is dependent upon them or its coal supply.

WOMAN SAVES MANY LIVES

Knowledge of First Aid Enables Her to Do Good Work.

Fireman Overcome by "Back Draught" Woman With Great Presence of Mind Immediately Takes Charge and Resuscitates Them.

New York, July 8.—Mrs. Caroline Baumgartner of this city, saved the lives of a number of persons who had been overcome by "back draught" in a serious fire in the Wing building in Ninth avenue. She had once spent a few weeks at a training school for nurses and when she saw several firemen lying on the sidewalk, some of them unconscious, she insisted on caring for them until the arrival of the physician summoned to the scene.

The first man she attended had been given up for dead, but she dispatched a passer-by for whiskey, ice, water and ammonia and by diligent effort induced artificial respiration. Seeing that the patient was conscious, she ran into the roadway and treated another injured man, and then another, and another kneeling in the muddy gutter, calmly at work with bandages and ammonia while the crowd of onlookers encouraged her.

LIGHTNING INJURES MANY

TEN ARE PROSTRATED

Bolt Strikes Shelter Tree at Prospect Park Brooklyn.

People Huddled Under Tree to Escape Effects of Thunder Storm Stricken to Ground. All Suffer Painful Injuries But None is Fatal.

New York, July 8.—Ten persons were prostrated and rendered unconscious today by a stroke of lightning in Prospect park, Brooklyn. The tennis lawn was crowded with players when a sudden thunder storm drove all to shelter. Several persons sought shelter from the rain under a great elm. They scarcely had done so when a bolt struck the tree splitting the trunk down to the roots and hurling those under it to the ground where they lay motionless and apparently dead. The accident caused a panic among the hundreds of people huddled under the other trees and regardless of the torrents of rain, all fled toward the nearest exits.

Park ambulances were soon on the spot and the injured persons were restored to consciousness. Some of them were found to be severely burned and all were suffering greatly from the effects of the shock. Two of the injured are unable to go home and the others have been taken to the hospitals. All of them are expected to recover.

THREE-YEAR-OLD ARTFUL WINS BRIGHTON HANDICAP

New York, July 8.—Artful, the three-year-old daughter of Great Hamburg, galloping in front in her field from the start and at the finish carried the color of the Whitney stable to victory today in Brighton handicap, the richest of all aged purses of the racing year. A length and a half back of the winner came Ort Wells, winner of the Brighton mile and slight for the handicap. Eight lengths further back the great mare Beldame, beaten more decisively than in almost any race of her career, came in third place, thoroughly done. Trailing along in the rear were Monsieur Beaucaire, Dolly Spanker, Delhi

his younger sons to become king of Norway. In case the kaiser is unwilling to grant their request the petition begs him not to use his influence against Norway or to boycott the country personally, but to make his customary summer trip to the Norwegian fjords. The petition is quaintly worded and has given the kaiser much amusement. No reply will be sent for political reasons.

May Be Convicts.

Port Townsend, July 8.—Telephone advices from Binnon, a distant settlement, to the Hoods canal, announce the presence of three heavily armed strangers, who, from published descriptions, are undoubtedly McCarthy, Castle and Wade, the three escaped McNeill's island convicts. A sheriff's posse from here is in pursuit.

Malone Also Captured.

Seattle, July 8.—J. Malone and James Leslie, the escaped convicts from the United States penitentiary at McNeill's island, were captured yesterday afternoon. Neither was armed. Leslie gave himself up to the authorities at Kent and Malone was captured on Vashon island, about 20 miles from here.

Leslie was taken to Tacoma on the interurban train from Kent, and Malone is a prisoner in the city jail. They will be returned to the penitentiary tomorrow.

It is expected that within the next twenty-four hours severally more of the escaped convicts will be captured. That several are still on Vashon island is the belief of the men in the employ of the marshal's office and a complete search of the island will be made tomorrow.
